

---

To summarize on one page the problem, the verify-before-generate rule, the new section 515D, the engineering evidence, and the ask to a sponsoring office.

IN THE HOUSE OF REPRESENTATIVES

June 5, 2026

---

## A LEGISLATIVE SUMMARY

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

[kevink@chemicalqdevice.com](mailto:kevink@chemicalqdevice.com) [10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

---

*This summary accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the summary and states the scope of this summary. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

To explain in plain English every operative section, subsection, and conforming amendment of the bill.

IN THE HOUSE OF REPRESENTATIVES

June 5, 2026

---

## A SECTION-BY-SECTION ANALYSIS

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

[kevink@chemicalqdevice.com](mailto:kevink@chemicalqdevice.com) [10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

---

*This analysis accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the analysis and states the scope of this analysis. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

To set out the sequencing-gap problem and why the verification gate is feasible and fits existing law.

IN THE HOUSE OF REPRESENTATIVES

June 5, 2026

---

## A POLICY MEMORANDUM

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

[kevink@chemicalqdevice.com](mailto:kevink@chemicalqdevice.com) [10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

---

*This memorandum accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the memorandum and states the scope of this memorandum. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

To state the findings of fact, each tied to an in-force authority, that support the verify-before-generate rule.

IN THE HOUSE OF REPRESENTATIVES

June 5, 2026

---

## LEGISLATIVE FINDINGS

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

[kevink@chemicalqdevice.com](mailto:kevink@chemicalqdevice.com) [10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

---

*This findings accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the findings and states the scope of this findings. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

To show, marked, the changes to existing law for the affected Title 21 device sections.

IN THE HOUSE OF REPRESENTATIVES

June 5, 2026

---

## A COMPARATIVE PRINT

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

kevink@chemicalqdevice.com 10.5281/zenodo.xxxxxxxx

---

*This comparative print accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the comparative print and states the scope of this comparative print. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

To state the Commerce Clause basis required by House Rule XII, clause 7(c).

IN THE HOUSE OF REPRESENTATIVES

---

## A CONSTITUTIONAL AUTHORITY STATEMENT

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

[kevink@chemicalqdevice.com](mailto:kevink@chemicalqdevice.com) [10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

---

*This statement accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the statement and states the scope of this statement. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

To record the PAYGO-neutral note and the negative earmark declaration for the measure.

IN THE HOUSE OF REPRESENTATIVES

June 5, 2026

---

## A PAYGO AND COST NOTE

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

[kevink@chemicalqdevice.com](mailto:kevink@chemicalqdevice.com) [10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

---

*This note accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the note and states the scope of this note. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

To present the sponsor role, the cosponsor form, and the referral expectation for the measure.

IN THE HOUSE OF REPRESENTATIVES

June 5, 2026

---

## A SPONSOR AND COSPONSOR PACKET

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

[kevink@chemicalqdevice.com](mailto:kevink@chemicalqdevice.com) [10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

---

*This packet accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the packet and states the scope of this packet. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

To plan respectful outreach to agencies, advocacy groups, industry, and standards bodies.

IN THE HOUSE OF REPRESENTATIVES

June 5, 2026

---

## A STAKEHOLDER ENGAGEMENT PLAN

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

[kevink@chemicalqdevice.com](mailto:kevink@chemicalqdevice.com) [10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

---

*This plan accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the plan and states the scope of this plan. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

To pose the legislative-form questions for the House Office of the Legislative Counsel.

IN THE HOUSE OF REPRESENTATIVES

June 5, 2026

---

## A ROUTING MEMORANDUM

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

[kevink@chemicalqdevice.com](mailto:kevink@chemicalqdevice.com) [10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

---

*This memorandum accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the memorandum and states the scope of this memorandum. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

To re-verify that every citation and amendment still lands before introduction.

IN THE HOUSE OF REPRESENTATIVES

June 5, 2026

---

## A CURRENCY AND CROSS-REFERENCE MATRIX

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

kevink@chemicalqdevice.com 10.5281/zenodo.xxxxxxxx

---

*This matrix accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the matrix and states the scope of this matrix. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

To provide hearing testimony and the one place emerging bills and executive actions are discussed.

IN THE HOUSE OF REPRESENTATIVES

June 5, 2026

---

## A TESTIMONY AND INFLUENCE BRIEF

---

*This legislative draft is submitted for review and consideration by the United States Congress,*

Prepared by Kevin Kawchak , CEO ChemicalQDevice.

kevink@chemicalqdevice.com 10.5281/zenodo.xxxxxxxx

---

*This brief accompanies H. R. 9510, the Verification Before Generation in Physical AI Oncology Trials Act of 2026. It is an independent research draft, is not an enacted law, and is not legal advice. DOI 10.5281/zenodo.xxxxxxxx.*

---

**Keywords** (blank single line for the author to fill in)

### SEC. 1. PURPOSE AND SCOPE.

This section introduces the brief and states the scope of this brief. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Robot-Patient Interaction Code Reference

Kevin Kawchak 

CEO ChemicalQDevice

[10.5281/zenodo.xxxxxxxx](https://zenodo.org/doi/10.5281/zenodo.xxxxxxxx)

June 5, 2026

---

## Abstract.

A monospaced reference for the robot-patient interaction codebase that the verify-before-generate gate clears before generation or execution.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Overview

This section introduces the VVUQ codebase and states the scope of this reference. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# VVUQ Pipeline Engineering Notebook

Kevin Kawchak 

CEO ChemicalQDevice

[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)

June 5, 2026

---

## Abstract.

A monospaced engineering notebook for the VVUQ pipeline that holds verification and uncertainty quantification ahead of code generation.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Overview

This section introduces the VVUQ codebase and states the scope of this reference. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Autonomous Code-Generation Run Log

Kevin Kawchak 

CEO ChemicalQDevice

[10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

June 5, 2026

---

## Abstract.

A monospaced run log for the autonomous code-generation agent, recording inputs, generated modules, and the gate surface per run.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Overview

This section introduces the VVUQ codebase and states the scope of this reference. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Humanoid Control Stack API Reference

Kevin Kawchak 

CEO ChemicalQDevice

[10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

June 5, 2026

---

## Abstract.

A monospaced API reference for the humanoid control stack, from sensor-to-xyz through the planner to the broadcaster and safety checks.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Overview

This section introduces the control-stack codebase and states the scope of this reference. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Test and Error-Check Harness Manual

Kevin Kawchak 

CEO ChemicalQDevice

[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)

June 5, 2026

---

## Abstract.

A monospaced manual for the test and error-check harness that gates every generated module before it is allowed to run.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Overview

This section introduces the VVUQ codebase and states the scope of this manual. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Physical AI Oncology Trial Protocol

Kevin Kawchak   
CEO ChemicalQDevice  
[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)  
June 5, 2026

---

## Abstract.

A single-column protocol template for a Physical AI oncology clinical trial in which a verification gate clears robot-patient interaction code before execution.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords**     (blank single line for the author to fill in)

## 1 Introduction

This section introduces the clinical trial and states the scope of this protocol. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Patient Journey in a Physical AI Oncology Trial

Kevin Kawchak   
CEO ChemicalQDevice  
[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)  
June 5, 2026

---

## Abstract.

A patient-journey template that follows a participant through a Physical AI oncology trial, from consent through monitored intervention to follow-up.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Introduction

This section introduces the patient journey and states the scope of this paper. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Adverse Event Response Plan

Kevin Kawchak   
CEO ChemicalQDevice  
[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)  
June 5, 2026

---

## Abstract.

A response-plan template for adverse and serious adverse events in a Physical AI oncology trial, with roles, timing, and reporting.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Introduction

This section introduces the clinical trial and states the scope of this paper. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Clinical Trial Site Operations Manual

Kevin Kawchak   
CEO ChemicalQDevice  
[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)  
June 5, 2026

---

## Abstract.

A site operations manual template for a Physical AI oncology trial site, covering staffing, readiness, and documentation.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Introduction

This section introduces the clinical trial and states the scope of this paper. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# National Physical AI Oncology Trial Platform

Kevin Kawchak   
CEO ChemicalQDevice  
[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)  
June 5, 2026

---

## Abstract.

A platform template describing a national Physical AI oncology trial network and the patient-empowerment framing the verification gate protects.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Introduction

This section introduces the clinical trial and states the scope of this paper. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# VVUQ Method and Pipeline

Kevin Kawchak 

CEO ChemicalQDevice

[10.5281/zenodo.xxxxxxxx](https://zenodo.org/doi/10.5281/zenodo.xxxxxxxx)

June 5, 2026

---

## Abstract.

A VVUQ method and pipeline template that holds verification, validation, and uncertainty quantification higher than code generation.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Introduction

This section introduces the VVUQ process and states the scope of this paper. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Ten-Gate Threshold Specification

Kevin Kawchak   
CEO ChemicalQDevice  
[10.5281/zenodo.xxxxxxxx](https://zenodo.org/doi/10.5281/zenodo.xxxxxxxx)  
June 5, 2026

---

## Abstract.

A specification template for the ten VVUQ gate thresholds that bound robot-patient interaction code before it is generated or executed.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords**     (blank single line for the author to fill in)

## 1 Introduction

This section introduces the VVUQ process and states the scope of this paper. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Evidence-to-Law Credibility Assessment

Kevin Kawchak   
CEO ChemicalQDevice  
[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)  
June 5, 2026

---

## Abstract.

A credibility-assessment template that traces engineering evidence to a legislative verify-before-generate rule.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Introduction

This section introduces the VVUQ process and states the scope of this paper. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Uncertainty Quantification Report

Kevin Kawchak   
CEO ChemicalQDevice  
[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)  
June 5, 2026

---

## Abstract.

An uncertainty quantification report template that records sensor-stream safety margins against the governing gate bounds.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Introduction

This section introduces the VVUQ process and states the scope of this report. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Verification Before Generation Standard

Kevin Kawchak   
CEO ChemicalQDevice  
[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)  
June 5, 2026

---

## Abstract.

A standard template that defines verification before generation as the order of operations for embodied clinical code.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Introduction

This section introduces the VVUQ process and states the scope of this paper. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Mobile Surgical Humanoid System Description

Kevin Kawchak 

CEO ChemicalQDevice

[10.5281/zenodo.xxxxxxxx](https://doi.org/10.5281/zenodo.xxxxxxxx)

June 5, 2026

---

## Abstract.

A technical system-description template for a mobile surgical humanoid whose robot-patient interaction code is verified before generation.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Introduction

This section introduces the surgical humanoid and states the scope of this paper. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Sensor-Stream Safety Bands

Kevin Kawchak   
CEO ChemicalQDevice  
[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)  
June 5, 2026

---

## Abstract.

A template that records live safety margins across a humanoid sensor stream with mean and uncertainty bands against the governing gate bounds.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Introduction

This section introduces the surgical humanoid and states the scope of this paper. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.

---

# Embodied Control and Camaraderie Behavior

Kevin Kawchak   
CEO ChemicalQDevice  
[10.5281/zenodo.xxxxxxxx](https://zenodo.org/record/10.5281/zenodo.xxxxxxxx)  
June 5, 2026

---

## Abstract.

A template describing embodied control and the camaraderie behavior that coordinates a multi-humanoid surgical team.

*Disclaimer: This work is independent and not endorsed or sponsored by trial sponsors, FDA, CROs, sites, IRBs, regulators, or medical societies; and was generated using Artificial Intelligence.*

**Keywords** (blank single line for the author to fill in)

## 1 Introduction

This section introduces the surgical humanoid and states the scope of this paper. Replace this short paragraph with the opening context; one short paragraph per section keeps the template minimal and easy to extend.
